

MTTI STUDENT SNOW DAY CANCELLATIONS OR DELAYS

- Check MTTI's Website or Facebook page for closing notifications. **These are typically the first to go up.** www.mtti.edu/ <https://www.facebook.com/mtti.edu>
- Check Channel 10 and 12 for MTTI Closings and Delays. **You can sign up for alerts to your phone from their website.* www.TurnTo10.com & www.WPRI.com
- If Seekonk or East Providence schools are cancelled/delayed due to the weather, then MTTI is cancelled/delayed as well. **Go with the later of two. For example, if Seekonk is delayed 2 hours and East Providence is delayed 1 hour, MTTI will be delayed 2 hours.*
- **If there is a delay or closing for the day programs, this does not necessarily affect the evening and vice versa. We will monitor the snow and make announcements as needed.**
- If the town where a student lives is cancelled due to weather, this will be considered a documented absence (similar to a doctor's note). **MTTI requires documentation stating their town's school is closed due to weather.** **Remote learning days DO NOT COUNT. Even if their town is closed but MTTI is open and they feel it is safe enough to drive, they can attend school.*

If the weather is questionable, please make sure you double-check our website or Facebook again right **before you leave home.** We try to put notice up as early as possible but conditions may change last-minute.

All vehicles have to be removed from the property for plowing. All vehicles at 1241 Fall River Avenue must be parked in the designated auto repair parking area in the back lot. **If cars are left in the parking lot, they could be towed.**
